VIRTUAL SOLUTIONS

Mind is very powerful. If you think positively, things will just go with the flow the way you want it.
If you are going to think that your efforts are making a difference.. believe it. It does.

Freelancers have a lonely existence
Truth: Another aspect of freelancing that draws many people to it is the idea of working from home. Successful freelancers actually know that networking and keeping in touch with former colleagues and work friends is an important aspect of the job. Meeting up with people for drinks or coffee is a great way to stay in people's heads so that when the next big project comes up, you'll be considered.

Importance of Branding

Branding Helps You Outdo Competition

By establishing your brand and its credibility, you give your customers a valid reason to consider you before turning elsewhere. Research also tells us that people prefer to associate with organizations with a credible, reputed brand than those that don't.

Mistakes of a Freelancer to Avoid Know When to Stop

You need to take a break. It is far too easy to work yourself into exhaustion when you're working freelance. It starts with a plan to "quickly finish this up" and before you know it, you've been working 10 hours and you haven't eaten lunch, you haven't stretched and your puppy still needs to go for a walk.

Reasons to be a Freelancer

You're Free to Work Anywhere

You're a business owner—you dictate where you work as long as the job gets done. Your clients pay for your work, and it's not their decision where you work.

How to Dream Big

Ask Questions and Actively Seek Feedback

- Ask lots of questions about different things in life. Why are things the way they are?
- Listen to input and insights from others.
